

# MedOne Plastic Surgery

Plastic Surgery from  
the names you respect

# MedOne Plastic Surgery

MedOne Plastic Surgery is centered on surgeons' needs, so surgeons can focus on what matters: patients. Curated content, direct from respected experts, means that trainees and practitioners can connect to resources, elevate their skills, and find insights into every aspect of plastic surgery.

**Content covering the breadth and depth of plastic surgery for all levels:** MedOne is an updated collection that includes **operative videos**, **journal archives**, **cases**, **procedures**, **dynamic board review**, and **books** from renowned surgeons. Learn from the **best minds in plastic surgery**, with content from Foad Nahai, Rod Rohrich, Al Aly, Jeffrey Janis, Heather Furnas, Bill Adams, Ashkan Ghavami, Donald Lalonde, Sam Most, and many more experts.

## What MedOne can do:

### For the specialist

- Advance professionally with new techniques
- Connect to innovative research
- Prepare for an upcoming surgery
- Access up-to-date information from global leaders

### For the resident

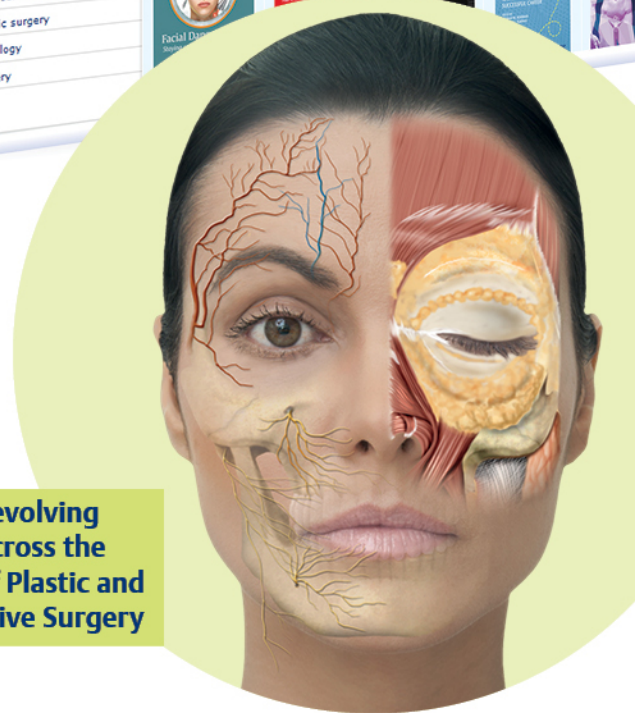

- Understand the latest clinical techniques and surgical procedures
- Examine fundamental and innovative topics
- Review core topics before rounds
- Prepare for board exams with interactive Q&A

### For the institution

- Invite students to learn any time or place
- Augment trainee and surgeon skill sets
- Magnify emphasis on personal development
- Design a program to appeal to residents

Constantly evolving resources across the spectrum of Plastic and Reconstructive Surgery

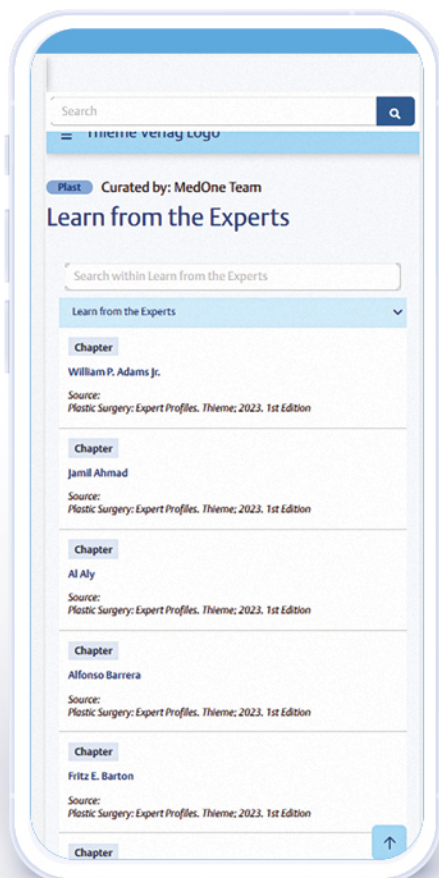

# From the names you respect

## The night before surgery

Review a temporoparietal fascia flap procedure with clear surgical videos and explanatory text, or review fat grafting for midface rejuvenation with detailed photos and illustrations. The wealth of videos, images, and text on MedOne are comprehensive and didactic — and it's always easy to find exactly what you need.

## With the boards approaching

Quiz yourself with timed Q&A designed for the plastic surgery boards. Thousands of multiple-choice questions, with answer explanations, comes in an intuitive, feature-heavy interface. More board review content, including review, cases, and procedures, is easily accessible.

Download the **MedOne App** for  
on-the-go learning!

## When writing, presenting, or teaching

As you research, download content as a PDF or PPT slide with automatically included bibliographic info that's compatible with reference manager software. MedOne's Playlist feature lets you save and organize content for yourself, or to share with residents, trainees, or colleagues.

## Everyday

Review procedures, cases, browse the latest research, read a chapter or watch an operative video. The depth of content is easily searchable, and with the ability to highlight, take notes, plus access remotely or offline through the MedOne App, you can review the exact information you need, when you need it — making MedOne the ultimate daily reference.

## Learn from the Experts

Techniques, tricks, tips, and pearls from the best minds in plastic surgery — find curated collections of content from top surgeons, so you can learn from the best.
